

### EVALAN participates in INFRATECH 2023

*Infratech celebrated its 15<sup>th</sup> edition from the 17<sup>th</sup> to the 20<sup>th</sup> of January 2023 in Rotterdam Ahoy*

Amsterdam, 25 February 2023 – Under the theme “Move Forward”, the event brought a diversity of stakeholders from the entire infrastructure sector. EVALAN was present and receiving visitors at **booth 4303**.

EVALAN Team in Infratech 2023 Booth

The IoT company brought interesting Internet of Things (IoT) success cases, applications, and demonstrations about:

- Water management, treatment, and leak detection.
- Renewable Energy.
- Worker safety in construction.
- Building Energy Management
- Predictive Maintenance

#### What was in the program?

The program, taking place during the event, was divided into three parts:

- The *knowledge program*, which included topics to share knowledge about sustainability and circularity.

- The *Innovation Award*, which aimed to stimulate innovative ideas in building, maintaining, renovating, and making infrastructure more sustainable.
- And the *Building in Water* conference, which discussed the construction and design of an industrial energy island that has yet to be constructed, a storm surge barrier, and the redevelopment of Zeeland with “new nature.”

## About EVALAN

With over 15 years of experience, EVALAN is the leading IoT solutions provider. Recognized among the 100 most innovative enterprises in the Netherlands and present in over 50 countries, we help clients to solve challenges and make data-driven decisions allowing them to improve efficiency, save costs and achieve sustainability goals.
